Zenith Vineyard Pinot Noir

Total average annual production: 50-75 cases

Variety: 100% Pinot Noir, Clones 115 and Pommard

1. Site: Zenith Vineyard lies within Eola-Amity Hills AVA. It has been named one of the top ten vineyards in Oregon. It has 87 planted acres and faces south. The soils there are a complex mix of volcanic and sedimentary soil types. Our block is planted predominately on Nekia and Helmick soils.
2. Farming: Zenith is farmed organically, using a number of biodynamic farming practices. Herbicide is not used in the vineyard.
3. Vines/ Yield: Our block was planted in 2003. The vines are not irrigated. Yields vary, with an average of 2.6 tons/acre.
4. Harvest: The grapes are hand-harvested and destemmed into small, 1.5 ton fermenters. They are carefully sorted on a sorting table before being destemmed. We do not crush the grapes, so our fermenters are filled with whole berries.

Vinification & Bottling:

5. We do not use commercial yeast: Our fermentations are all spontaneous, or “native.” We feel this gives the wines more complexity. It also means that the fermentations will be longer and slower, which we feel gives us better extraction. Generally our fermentations take three weeks. During fermentation we do only punch downs - never pump-overs or pigeage. We do not add enzymes, DAP or yeast “nutrients” to our wines.
6. Elevage/aging: our Zenith Vineyard Pinot spends between 12 and 13 months in small, French oak barrels. The percent of new oak varies with the vintage, with the average being around 20 percent. Once malo-lactic fermentation is complete - usually in late winter - we add a small amount of sulfur to the barrels. This is the first time anything has been added to the wine. The wine is racked in early spring.
7. Bottling: At bottling the sulfur is adjusted to about 25 parts per million. We do not add fining agents to the wine. Our Zenith Vineyard Pinot noir is bottled unfiltered. After bottling it spends at least two years in bottle before being released.

Specs for the 2018 Zenith Vineyard Pinot Noir

Cases produced: 53

Alcohol: 13.8%

pH: 3.69

TA: 6.2
